**RE: Federal Permit Number: NH0000710
Discharge 001**

Dear Ms. Mason:

I enclosed the August 2014 Discharge Monitoring Reports for the Powder Mill Fish Hatchery for Discharges 001.

Upstream water sample for pH was performed when pH was less then 6.5. The pH Less then 0.5 S.U. difference into receiving waters so compliance was met.

The weekly tests are performed by the Fish Culturists at Powder Mill Fish Hatchery.

Thomas W. Givetz
